LET THE SOUTH LEAD.

Under this captain the Philadelphia Record suggests that in undertaking the national task of solidifying and rejuvenating the Democratic party it will not be the part of wisdom to go to either New York or Nebraska for leadership. That part of the Union which furnishes the electoral votes for Democratic presidential candidates should be allowed in 1908 to write the platform and name the men behind whom the party is expected to rally. The mass of the party throughout the country is thoroughly tired of radical experiments. The South, through all the years of reconstruction and reaction since the close of the civil war, has persisted in steady allegiance to the principles upon which the party was founded and upon which the policies of the country were molded during the strenuous formative years of the nation. It is clear that Southern Democrats who made the early days of the Republic illustrious, though out of power for a generation, have not lost the trick of statesmanship. There are hundreds of able Southerners in public life and thousands in private life who are fit for any duty which the country might devolve upon them. Why should not the Democratic party go South once more, where it found Jefferson, Madison, Monroe and Jackson, and where Lincoln was bred? The scars of war are healed. The most serious problem that confronts the future of the nation is to be dealt with and settled as a Southern problem. In this behalf the North, acting precipitately from sentiment rather than knowledge, has made unfortunate mistakes. Why should not the States below Mason and Dixon's line in the present exigent situation resume their commanding political importance, especially now that the line has been erased and sectional hostilities obliterated?

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croup and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children as it is pleasant to take and contains nothing injurious. Mr. E. A. Humphreys, a well known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croup and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by Stanford Drug Co.

The professional humorist was having his shoes shined.

"And is your father a bootblack, too?" he asked the boy.

"No sir," replied the bootblack, "my father is a farmer."

"Ah," said the professional humorist, reaching for his notebook. "He believes in making hay while the sun shines."—Topeka State Journal.

Is a candidate for Magistrate in the Crab Orchard Magisterial District, subject to the action of the Democratic party.

A CLEVELAND, O., man while riding on an electric car, dropped his false teeth into an open pit in the car floor and they got mixed up with the motor. A short circuit was established and the car stopped suddenly. The motorman worked for an hour or two before he could get things in running shape and that much time was lost. The fellow who lost his teeth has filed suit for damages against the Street Car Company, while the latter wants damages from the man for causing the delay. The trial of the case in the Buckeye State will be watched with interest.

THE statement is made that about 91,500,000 cross-ties were bought for steam and electric railways during 1905, and the steam lines alone spent \$36,600,000 in round figures for this single item. At this rate it won't be many years before the forests are denuded of such timber. Iron ties have been tried, but not successfully, and it remains for some inventive genius to overcome the emergency apparently soon to exist.

It is calculated that John D. Rockefeller gets \$114 every minute of the day and \$69,918,400 a year, not counting some pennies. And yet he would no doubt give it all to be as happy as some of the children in Stanford will be a week from to-day when they find their little stockings filled with good things. Happiness is one of the very few things money can not buy.

IN a statement given out at Gainesville, Tex., Senator Bailey claims he will be sent back to Washington by at least 116 out of 163 votes in the Texas Legislature on joint ballot. We hope the Senator is right but we fear he is setting his majority at too high figures. He will do well to win by a scant margin.

JULIUS PERSKY, of Hammond, Ind., who averaged 100 cigarettes a day, has gone the way of other such fiends. It is estimated that he smoked over 500,000 during his life time. He bought them in lots of 5,000 and 10,000.

"Does a mother-in-law constitute a family all by herself?" is a question now being argued by lawyers of New Jersey. We are not expert testimony on the subject but we are rather inclined to think "she do."

THE Somerset Mountaineer has gone up the flume and James R. Cook has been appointed receiver. In so many cases, "Man's a vapor full of woes; starts a paper and up it goes."

THOMAS H. PICKLES, editor of the Richmond Register, has bought that paper from the estate of the late R. W. Miller for \$2,055.

POLITICAL.

It is probable that the Ship Subsidy Bill will fail of passage in the House. Carrie Nation has written a letter to Gov. Beckham on the temperance question.

Friends of John J. Barry, of the New Haven Echo, are trying to get him to announce for State Senator.

The scheme to increase the salaries of members of Congress to \$7,500 a year was defeated in the House.

The first social function of the season at the White House, annual Cabinet dinner, was held Thursday evening.

Congressmen from the Middle West are urging the President to use his influence for a revision of the tariff.

Among the items in the Urgent Deficiency Bill passed by the House was one of \$250,000 to carry out the Pure Food law.

It is stated that at a meeting of the Democratic State Central Committee in Louisville to-morrow, Henry Hines will be chosen campaign chairman.

The President has bowed gracefully to the House's objection to simplified spelling and hereafter all public documents will be printed in the old way.

A delegation from Kentucky that is seeking the improvement of the Cumberland river had a hearing before the Rivers and Harbors Committee Saturday.

The Urgent Deficiency Appropriation Bill which passed the House Saturday is expected to receive the sanction of the Senate before the holiday adjournment.

Senator Dubois, of Idaho, bitterly attacked the Mormons in a speech in the Senate saying that "an aristocracy of polygamists" was being built up by the church officials.

Both Houses of Congress will adjourn Thursday for the Christmas holidays unless the Senate should change the programme adopted by the House, which is not probable.

Beyond the younger element, the idea of the administration for the extension of the Federal power, as set forth by Secretary Root in a recent speech, finds little support in Congress.

HUSTONVILLE.

At a meeting of the directors of the Middleburg Bank Saturday a 3 per cent. dividend was declared.

The thanks of rural route carrier No. 1 is extended to Mr. J. B. Honaker for a substantial Christmas gift.

Cowan & McCormack shipped a car of hogs and cattle to Cincinnati last week, paying 54c for hogs and 24 to 3c for cattle.

The bazaar of the Ladies' Aid Society did a splendid business Saturday despite the inclement weather. They think of having another during the holidays and will announce the date later in case of a favorable decision.

Sam Burton, son of John D. Burton, has arrived from the West to spend the holidays at home amid the scenes of his school boy days. Marshal W. H. Lair and family have moved into their new home on College Street.

Dr. James Wesley, of Middleburg, bought the farm of John Martin on Green River, for \$3,000. He also bought 150 barrels of corn at \$2.25 or 30 stacks of hay, a bunch of cattle and a lot of farming implements, completing his outfit for farming. He will take possession Jan. 1st and will be quite an acquisition to that community.

We are sorry to note the serious illness of Rev. F. M. Burk at the home of Mr. J. K. Helm. Sam McKinney has returned from a delightful visit to Tampa, Fla., where he was handsomely entertained by Mr. and Mrs. T. B. Gallie. Emmett McCormack has returned from Cincinnati quite sick, caused from over-exertion in trying to spring the price of live stock on a dull market.

An ideal dining on the 16th, given by Mrs. D. S. Carpenter in honor of her mother's 76th birthday, was a feast that would tickle even the palate of the Khedive of Egypt. The long and successful hotel experience of Mrs. Carpenter's catering with the daintiest cuisine to hungry hundreds of commercial pilgrims for years, established for her a well deserved reputation in this line. About 20 relatives and friends from Danville, Stanford and other points, attended, many bringing beautiful flowers for Mrs. Weatherford.

CHURCH MATTERS.

Rev. J. Barnes' meeting at Hopewell, Rockcastle county, resulted in 32 additions.

Eld. Jos. Ballou will preach at Logan's Creek church Sunday morning at 11 o'clock.

At Greensburg, Dr. Donald McDonald, of Danville, has just started a great work in the building of a high class college.

Rev. J. L. Yandle has accepted the call extended by the Presbyterian church here. He is a good preacher and should make a most acceptable pastor.

Senator McCreary, of Kentucky, has introduced a bill to incorporate the International Sunday School Association of America. Among the incorporators named in the act are John Stites, of Louisville, and W. A. Eudaly, of Cincinnati.

Rev. Dudley Moore, of Ripleyville, Anderson county, has accepted a call tendered him by the Goshen church in the southern part of Anderson county as pastor of that church for the next 20 years. He has served this church for the last 23 years.

Rev. John Bentz, of Covington, who has been sued by Mayor Joseph J. Moser, of that city, for \$10,000 for libel and slander, on account of the minister's fight against alleged pool-rooms, has given up the fight against gambling. Bentz says he is disgusted; all that he has accomplished has been to gain ill-will, be sued and be threatened.

J. Pierpont Morgan has imported the most costly copy of the Bible ever brought to this country. The copy was made by the Monks of Cluny, France, in the 13th century. Packed in the same box with this Bible was an old English manuscript, the original warrant for the arrest of John Bunyan, the author of the religious book next to the Bible in amount of sale. For the two, Mr. Morgan is said to have paid \$25,000.

MATRIMONIAL.

Robert L. Ashley, aged 24, and Miss Pearl Lane, 15, were married at Warren Coffman's Saturday.

R. W. Smith and Miss Dessie Casey, both of Casey county, were married in Danville. The bride is only 15 years old.

A QUARTER OF THE TIME usually spent in the selection of jewelry can be saved if the selection is made here. And a quarter of the price, too.

The assortment of WATCHES, DIAMONDS AND FANCY STONE RINGS, CHAINS, JEWELRY, GOLD AND SILVER NOVELTIES is remarkable in many ways, but the most interesting feature is the very modest prices at which these really beautiful and excellent goods are sold.

MR. F. G. BRADY, aged 74 years, a mechanical genius of Stanford, died Friday, last. He was the inventor of the art of sewing and turning shoes which revolutionized the shoe manufacturing business, and was also the first shoemaker to make misses and ladies shoes without a side seam. These discoveries were stolen from him and patented by an Eastern shoe drummer of ye olden time. He was without an equal as a maker of fine boots in the State before the war and received orders for \$20 and \$30 boots from the far South.—Somerset Journal.

There are only five voters in a township near Santa Fe, N. Mex., and four of them serve on the election board. There is no doubt how the four will vote, since two are Republicans and two are Democrats; but the fifth man is in doubt. For his benefit speeches have been delivered, red fire has been burned and campaign literature has been supplied. The voter declares he will not cast his ballot until the last minute before the close. He believes in making the election officers earn their money.

Given Up To Die

B. Spiegel, 1204 N. Virginia St., Evansville, Ind. writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Penny's Drug Store.
